

## **COUNTY OF HANCOCK BID SPECIFICATIONS**

### **PURCHASE 4 WHEEL DRIVE TRACTOR WITH BOOM DITCH MOWER**

The County of Hancock, Maine is seeking bids for the purchase of one (1) 2017 model year, 4-wheel drive tractor with boom mower attachment. Unless otherwise indicated, the vehicle shall meet the following minimum criteria. For items not specifically listed below, the manufacturer's "standard equipment" will be accepted.

The tractor shall be not less than 110 PTO horsepower. The transmission shall be not less than 16F/16R with reverser.

1. Engine gauges,
  - a. Ammeter or Voltmeter,
  - b. Water Temperature,
  - c. Engine Oil Pressure.
2. Delay (intermittent) windshield wipers front and rear.
3. AM/FM, stereo radio with CD player.
4. Clock.
5. Cloth air suspension seat or equivalent.
6. Enclosed cab with Air Conditioning and heat.
7. Fuel tank(s) capacity of not less than 10 hours mowing time.
8. Alternator shall be not less than 130 amp capacity.
9. High capacity hydraulic pump with 4 remote hydraulic ports on rear of tractor to accommodate boom mower and woods batwing mower.
10. Whelen Model L21 strobe or equivalent, Amber flashing light, mounted to the roof.
11. Rear axle diff. lock.
12. Power steering.
13. 3 point hitch lift capacity not less than 7100lb.
14. Largest agricultural tires available as an option from manufacturer.
15. All optional/available work lights front and rear included in bid.
16. Heavy duty cooling system.
17. Tractor weight not less than 12000 lb.
18. Muffler under hood exiting above cab.
19. The vehicles warranty coverage shall be not less 2 years or 2000 hrs (whichever comes first). Warranty work can be done on site, or if transportation is required, then transportation costs are covered by warranty or dealer.
20. Vehicle color will be a single color selected from the dealer's standard color chart at the time of order.
21. The vehicle shall be marked with a minimum 8 inch (200 mm) wide horizontal band of high gloss white paint or white reflective tape (Retroreflective, ASTM-D 4956-09, *Standard Specification for Retroreflective Sheeting for Traffic Control*, Type III & above) must be used around the vehicle's surface.
22. The driver and passenger doors shall be marked with the airport logo with self-adhesive vinyl. The airport will provide the logo in digital format.
23. UHF/VHF Radios. The vehicle shall be supplied with one (1) mounted UHF radio equivalent to a: Motorola CM200D programed for the airport company frequency on 453.925 MHz. The vehicle shall be supplied with one (1) mounted VHF aviation band radio equivalent to an: Icom ICA120.
24. Included with the vehicle shall be one (1) copy of the operator's manual and one (1) copy of the maintenance and service manual(s). The maintenance and service manual(s) shall provide guidance to non-specialists performing routine services. The manuals shall also describe in detail, with appropriate schematics, the overhaul and major maintenance procedures required to maintain the vehicle.

25. Boom mower shall be rear mount, and rear remote operated from the cab, and via the tractor hydraulic system, with all shields and counter weights needed, and maximum number of gauge wheels offered.
26. Boom mower shall be not have less than a 21' reach, and shall not have less than a 60" bush hog head.

Dealer shall provide the vehicle with all options and additions fully installed and operational.

### **T R A D E-I N V E H I C L E I N F O R M A T I O N**

The bidder shall allow a trade in value for a 1993 Agco 8610 tractor. The following items currently in or on the tractor are not included in the trade in:
